### Initial Consultation

This initial meeting is at no cost to you.

Our main aim is to gather information about you and to determine your primary goals and objectives in seeking advice.

At the end of this meeting, we will outline the next steps and detail any fees applicable.

### Advice preparation

You may be charged a Statement of Advice preparation fee which will depend on the complexity of your individual circumstances and type of advice you require. Any fee for service must be paid within seven (7) days of the date of the tax invoice issued to you. The fee may range from \$1,620 - \$43,362.

## Implementation

We will outline the details of any fees, including Implementation Fees, for you to authorise before any work is carried out.

If you elect to proceed with our advice the fee will range from \$0 - \$43,362.

## Insurance products

My company or I may receive up-front commission of up to 60% (exclusive of GST) of your first annual insurance premium for arranging your cover. In addition, my company or I may receive, after the first year, an ongoing annual commission of up to 20% (exclusive of GST) of your annual insurance premium. Note that where commissions are the same for initial upfront and ongoing annual commission (i.e. level commissions) the above commission caps do not apply.

These commission payments are made by the relevant product issuers and are not an additional cost to you.

## Ongoing fee for advice

If you elect to pay a fee for access to services involved in the ongoing review of your financial planning strategy, the ongoing fee is based on the complexity of ongoing advice and the services provided.

The ongoing advice fee will be based on the level of services made available to you and the complexity of the advice. Complex advice requirements include the use of trusts and ownership structures, overseas assets, or incomes, executive options, or multiple investment entities. The frequency that review services are made available to you will also impact on the fee charged.

The ongoing advice fee can range from \$2,574 - \$52,272 per annum.

## Ad hoc advice

Where you do not wish to participate in an ongoing advice fee arrangement but require ongoing advice on an ad hoc basis, an hourly fee of between \$0 and \$440 per hour may apply.

## Managed Discretionary Account (MDA) Service

### Nature of the MDA Service

Ally Wealth Management Pty Ltd offers a MDA Service that enables you to provide Ben with the discretion to manage your investments in accordance with the MDA Contract and Investment Program.

You must first enter into a MDA Contract in order for you to utilise the MDA Service.

The Investment Program is reflective of your financial circumstances, needs and investment objectives and stated risk profile. It is intended that your portfolio assets will be actively managed by Ben to facilitate the achievement of your needs and objectives within the parameters of the Investment Program.

The MDA Contract and Investment Program are prepared by Ben and contain the following information:

- The nature and scope of the discretions that Ben will be authorised and required to exercise in managing the investments;
- Any significant risks associated with the MDA Service;
- The basis on which Ben considers the MDA Service suitable for you; and
- Warnings that the MDA Contract may not be suitable for you if you have provided limited or inaccurate information and that the MDA Contract may cease to be suitable if your circumstances change.

Ben will be responsible for reviewing the Investment Program annually. This will be performed as part of the Annual Review process.

Under the MDA Service, you delegate to Ben the investment discretion pertaining to your portfolio, including the decision on rights relating to the investments, such as Corporate Actions. In such instances, Ben will not be required to communicate with you to seek your instructions.

## Significant risks associated with investing through the MDA Service

The significant risks associated with investing through the MDA Service are more fully described in the Investment Program; however you should be aware of the following:

The investment discretion involves the selection of assets exposed to the higher-risk investment sectors such as property, the share market and international investments and therefore entails exposure to capital risk.

The Investment Program is based on your relevant personal and financial circumstances, needs and objectives and risk/return preferences. Therefore, there may be risks associated with a change to those circumstances, needs, objectives and risk/return preferences which affect the appropriateness of the Investment Program.

Your portfolio assets will be subject to active management and therefore you will generally not be aware of the investment transactions being undertaken on your behalf until after the event and therefore such involves information risk.
